This is the first time we do this because we want to keep growing the Enigma community. It allows us to create the Open Source, so we do not profit from this software. Every time we release a new version of The Enigma Protector we get hundreds of emails from people looking for The Enigma Protector full crack. Most of them are not really sure if it works and they are just looking for a decent software to protect their software. You can ask yourself, why do I need to crack a software and break the Terms of Service in order to use it. Just because we give away thousands of dollars worth of software a year. That's just not acceptable. If you ever want to donate to us, feel free to send us a message. And we will send you back a free license.
