
Sometimes, the best way to get through writer's block is to find a new perspective on your work. Learning how to brainstorm in your journal is an effective way of tackling the problem, but you deserve better than that. For an alternative approach, try these websites and apps that cover science, art, and technology topics! Here are 37 of the best options for learning something new! If any one of them spark your interest- just click on it for further exploration!

Please note I only have time for 10 lines. The intro will include text from both blogs This post will talk about what causes writer's block so you know why it happens. After you are done reading this post, feel free to comment on how it affects you. This blog post will talk about the basic mechanics of brainstorming. You had probably done this in school, but did you really understand how it completely changes your writing process? Check out the link below to find out how almost anybody can do this!

Please note I only have time for 10 lines. The intro will include text from both blogs This post will talk about the beginning of this blog. Before I had my first submission of the year, I had an idea of what I wanted to write about. Now that I'm back to school, it's important for me to get things started for this blog. Check out the link below if you are having writer's block yourself. This is a very interesting blog post talking more about writer's block. I haven't read much about writer's block, because there are so many things to talk about- but this blog post might interest you.

Please note I only have time for 10 lines. The intro will include text from both blogs This post is all about brainstorming. If you are having trouble brainstorming, there might be certain things in your life that are holding you back. This is another great blog post to check out!

Please note I only have time for 10 lines. The intro will include text from both blogs

This is a great blog about writer's block. The author talks about her own struggles and Her personal way of dealing with writer's block. I really appreciate her honesty, because she never tried to sugarcoat anything. She just tells it like it is. Check it out!

Please note I only have time for 10 lines, but the introduction will include text from both blogs**

This blog post talks about how Hillary Clinton has been suffering from writer's block during her campaign for presidency, and how she has overcome this obstacle! Great article- check out the link below!
