After a brief historical and conceptual framework to nephrology, based on Galenic medicine, the authors briefly discuss the pathology of the nephron, its passage to the urinary bladder and the different urinary diseases. In order to give the most complete concept of nephrology, it is necessary to grasp the anatomy and physiology of the kidney. For this purpose the authors review both the anatomy and the physiology of the kidney, thus proposing a practical classification for nephrology. A brief anatomical-physiological division of the nephron is presented, thus rendering more comprehensible the physiological meaning of the simple terms used in the pathophysiology of nephrology. After introducing the main renal diseases of the urinary system, the main nephrological techniques are reviewed. Shiv Sena leader Sanjay Raut today welcomed the announcements made by UPA Chairperson Sonia Gandhi and Prime Minister Manmohan Singh to create a group to review 'The Sarva Shiksha Abhiyan' and chalk out a roadmap to achieve goals of education for all children. "After the UPA-II, it is nice to see that the UPA is working on something positive," Raut told reporters in New Delhi. The Education Ministry has accorded to the Planning Commission's Educational Quality Improvement Group (EQIG) the task of formulating the roadmap to make all children literate and something that does not come within its mandate. Raut welcomed the idea of the government to form such a group. "We welcome it," Raut said. "We wanted the group to work on the quality of education. We have been demanding that for the
