I want to delete the Audio files and want to retrieve the m3u file format to my device. This does not happen for all the folders and the files are there. Any help? Thank You A: For Windows 7 Open the folder where you would like to remove the audio files. Right click in the folder and select "empty trash" This will not delete the files but just remove them from the recycle bin. you can then open the folder and select to move them into the recycle bin. Windows 8 You need to press Shift+Delete, not simply Delete. It is selected from the context menu. Note: It seems that this method only removes the files from the recycle bin and not the recycle bin itself. I saw a video where the guy forgot about a cup on a train and some cleaning person came and cleaned it up for him. In the end it turned out that the cleaners actually cleaned up the latte, and some of the foam in the cup. This really made me think about the services we can provide, as well as the troubles we can cause. One day the cleaning lady comes to your house and says: Hi dear, I have a special offer for you today. I'll clean up your house, pay for the groceries and feed you if you keep me around. What's in it for me? I'll receive all this if you will do your part. What's your part? (Insert all the etiquette and etiquette violations here.) Sophie July 28, 2008 When the cleaning lady visits your house for the first time and you say: Ok, I'll do my part and put your shoes on the doormat if you put my milk away properly. What's my part? (Insert all the etiquette and etiquette violations here.) Sophie July 28, 2008 I was studying in school the other day and my friend came and brought me my homework. I gave him a goodbye kiss on the cheek, I was really surprised that I didn't get a reaction from him. Afterwards he told me: When you left the room my teacher told me that I had to give you a kiss for being so nice. I asked him: But we're still friends? He said: Yes, but I'm a little disappointed about the kiss. 2d92ce491b
