Lost your registration key? No problem! To get the key, simply enter your calculator's zCode and select the Zoom Math app. . Zoom Math 500. ZM 500 is a very simple application. It has an input function but no editing function. In Zoom Math 500, you can simply dial a number and it will be automatically converted to Math. To convert a number to Math, simply enter it in the digit input field and it will automatically be converted to Math. The ZM 500 can be used to convert numbers from decimal to binary, octal, hexadecimal, BCD and vice versa. fffad4f19a
