at stcad. I find this hard to believe. Anybody knows anything about it?

Though I am not certain about my claim since I never tested this software in the past. Further more I am not certain whether it works all the time or it does work only when your computer is not working.

Anyway you can try this trial version and tell me what you think. Mar 21, 2021 Phan Mem Stcad 4.2 23 Emmanzebe Trial Version of at stcad.exe.. A Simple Windows Utility That Extracts Data From PDF
