What's New In TaoNotes 3D?

TaoNote 3D is a powerful notepad to write notes in a special way, the way you like. Keep all your ideas and notes in order, don't let your ideas stay in your head. TaoNote 3D is a notepad that stays as simple as possible but offers a powerful set of tools for you.

Features: * Keep notes in their own folder. Just like the Explorer in Windows. * Write any kind of text, and in any color. You have unlimited colors, styles, and shapes. * Create notes and to do list items. * You can group notes into categories or start a new category. * Work on a timeline. * Create HTML notes with images and links. * Customize as much as you like. * Easy management of items. * Automatic backup of notes. * Tabbed interface with separate folders for tasks and items. * Manage notes per tab. * Navigate through notes quickly with Jump Lists. * Share your notes with your friends or colleagues

using e-mail. * Open and edit notes using Microsoft Office Access 2007. * Export notes as HTML * And many more features. What's new in 3.0

1. New interface. We redesigned the interface from scratch and we are very happy with the result.
2. New unique features. We added a different kind of file format with support for HTML. We made the plugin SDK available for developers and we added a lot of features and bugfixes.
3. New item template. We created a new item template for web links.
