Our goal is to approach a maximally coordinated, competent, and effective military force; except, of course, that our goal is also to make the best. And that means too, that our goal is also to achieve all this with the closest possible integration of a competitive economic base. “The US must maintain the air superiority it has trained to win and the integrated air and ground capabilities it has developed to win,” he said. “It must maintain its forward military footprint around the globe and, yes, it must maintain its supremacy in space.”.. . 14..
