
Microstation V8i Select Series 3 Keygen [VERIFIED]

Follow the instructions below for obtaining a license key (step-by-step screenshot): ... 3. Once in MicroStation V8i, select the Utilities > License Management menu. 4. Select License Management. 5. From the menu on the left, select Write license key to file. 6. Select File > Import. 7. Find the license file (in Windows Explorer it is a .lic file) and click Open. 8. The Utilities > License Management dialog box appears. 9. Click Commit to enter a new license key. 10. If you did not select a user name for the license in step 3, the system will automatically create a file in the Windows folder with the user name.
