Aloha jQuery Plugin repo about documentation Aloha README MicroRNA-194 functions as a tumor suppressor by targeting BTRC in breast cancer. MicroRNAs (miRNAs) have important roles in many cellular processes, and aberrant expression of miRNAs contributes to tumorigenesis. Our previous study demonstrated that a miRNA, miR-194, functions as a tumor suppressor in breast cancer and targets phosphatase and tensin homolog (PTEN) through inhibition of its mRNA translation. BTRC, a gene coding for a membrane transporter, is overexpressed in several types of cancers, including breast cancer. However, whether miR-194 can regulate BTRC in breast cancer remains unclear. We demonstrated that miR-194 inhibited breast cancer cell proliferation and migration through targeting BTRC. Moreover, miR-194 expression was correlated with tumor differentiation, disease-free survival and overall survival of patients with breast

The former Italy international was in Spain last year when Villa last played, and was concerned that she may still face action. She was allegedly offered money to throw games and while she has returned to England, she is still in danger of being charged in the future. It has been alleged that she was involved in the fix and was approached to throw games to United Arab Emirates sides. On Monday, lawyers for Turrioni wrote to the Metropolitan Police asking it to investigate the allegations against her. Turrioni, 39, has denied any wrongdoing and was left in limbo as the FA could not rule on whether to discipline her because, despite having been banned by Fifa for three months, she still has her full international honours. However, the disciplinary process continued and the FA has now issued a notice of allegations to the former Juventus midfielder. Although she was initially charged with “breach of Faf0 Rule 31.2.5.1”, in a letter from the FA dated November 14, it now stands at “breach of Faf0 Rule 31.2.5.2”. The former Fiorentina, Milan and Fiorentina midfielder had her ban lifted in October after appealing against the initial decision. A spokesman for the FA said: “When the FA contacted Gabriella Turrioni’s club last week, they told us she was no longer a registered player. “We met with the club last night to seek any further information and we sent our communications to Gabriella Turrioni, but we have still not heard back from her. “Under FIFA rules, the FA can’t make any further decisions on her until we have a response. However, we will continue to deal with the matter.” Villa issued a statement on Monday which read: “We can confirm Gabriella Turrioni is not, and has never been, a registered player for Aston Villa.” They had previously been in touch with the FA to ask whether Turrioni would
