Meeting Manager Standard Crack + (LifeTime) Activation Code Free Download [Updated] 2022

Meeting Manager is a simple to use application designed to help you easily manage and schedule meetings, events or appointments in an organized fashion. Simple interface In order to have a great overview on the daily, weekly or monthly schedule, Meeting Manager comes in a clean and natural layout. The menus and shortcut icons are placed in the upper side, neatly organized, so you can easily find and access the function you wish. The main window of the application can be resized to the dimensions you want, so you can have an insightful overview of the upcoming events and appointments. Quickly add bookings With just one click on the desired hour of the day, you can open a window to add a new appointment to your schedule. The same applies to editing your events and meetings, meaning that you can easily modify the information, participants or the location. You can change the hour of an event by dragging and dropping it from the current position on your schedule to the desired time. The application allows you to easily search for existing bookings, the next available time slot or even to search for the next specified number of days period of time. Useful notifications If you change an event location, time, date or add more participants, it would be for nothing if the other attendees would not be informed in time. With Meeting Manager, you can automatically send notification e-mails to those involved in the event or meeting. Also, reminder messages can be sent before the scheduled event. When used in a large workplace, Meeting Manager becomes very efficient by allowing each user to change the username and password and logon into their own account, in order to manage their schedules. Efficient schedule manager Meeting Manager proves to be an advanced and complex application for scheduling your events, meetings or appointments, with a built-in e-mail notification system that allows you to automatize a lot of routine work when managing your schedule.
