You must not . With the in-depth control scheme, the download, the installation and the manual guides, the Flight Simulator X: Acceleration will be a delight for all the flight simulation enthusiasts out there! It is very fast, stable and a big plus is the fact that you can save the file as well as add other enhancements to the game! Dec 6, 2009 I want to take this time to thank the entire team that worked on the expansion pack for "Microsoft Flight Simulator X: Acceleration". In my opinion, the "Flight Simulator X" is the only and the best flight simulator I have ever experienced. I cannot run the install with the Gold Edition when I have purchased the I hope that they will keep up the good work. I really enjoyed the time I spent on the game so far. The feel of flying is very realistic. I cannot wait to get my hands on the "Flight Simulator X: Acceleration" expansion pack! So far, it seems to be very well done. I hope the expansion pack will go smoothly with the full version. In my opinion, this is the best flight simulation I have ever tried. The game is quite interesting, with a complete and realistic feel to it. Flight Simulator X: Acceleration is really great. There is a lot of content that you will enjoy. You will be surprised of the different objects that you will find. You can see a lot of variations on the way you have to approach your problems. Flight Simulator X: Acceleration is a very interesting and very exciting game! I can not wait to get my hands on it! I'm really excited about what I have seen so far, but I can't wait to get my hands on it to see more of what Flight Simulator X: Acceleration can do! I got my flight simulator X and its my 1st day using it! and i'm enjoying every part of it! its very nice! This is the best flight simulator i've ever been on! its really pretty cool! hope u can find more in it :) This is a good fps game, but i wish there was a way
