Fiala -Gaiotto -Deleuze y sus antecesores -97 Notaciones -Posfisica -Tesis- Tooth loss among pregnant Thai women. To examine the dental health status among Thai pregnant women. 1056 pregnant Thai women aged between 19 and 38 years were interviewed and their oral health was examined. Their oral hygiene practices were assessed using a questionnaire. Two of the participants were chosen as reference for examination. The pregnant Thai women were wearing their shoes, and their mouths had an average of 13 teeth (SD 4.4). Between one and five teeth were missing in 43% of the pregnant women. 10% were missing eight or more teeth, and 2% were missing all teeth. Most of the tooth losses were caused by caries (41% of the losses were caused by dental caries). Most of the pregnant women with tooth loss were not using oral hygiene products. They felt that their oral condition was unimportant. The study also revealed that, most of the women have never had their teeth checked and/or their teeth were checked when they had acute oral diseases. Four of the participants (2%) were wearing their teeth-implanted crowns, and 11% of the women had received periodontal treatment. Most of the pregnant women had never received dental treatment despite an increased risk of dental caries. The women believed that dental treatment was unacceptable during pregnancy.

The CW's Arrow has cast William Oberndorf as Adrian Chase in the role made famous by Neil McDonough on the big screen. The role is a crossover villain. Oberndorf is best known to genre fans as the recently departed Daniel Garner on The Affair. Chase is described as "a brilliant, charismatic, and brilliant criminal mastermind. He's also a narcissistic sociopath. In other words, he's Oliver Queen's worst nightmare come to life." I love TV and I love movies, but I think the Arrow universe is too well-rounded. I've said it before and I'll say it again: Arrow should give everyone their own franchise. The Doom Patrol could have his own show, The Flash could have his own show, and The Arrow could be the star of another. They're big, splashy, and iconic shows, yet they're all geared towards one character. Give the people what they want.
