## AutoMouseLock Crack

AutoMouseLock Crack+ With Keygen Free Download PC/Windows

Automatic Mouse Lock is a lightweight application that run in the background, and keeps your mouse cursor on the primary display no matter what the setup is. It doesn't consume much system resources, and can be run with no additional settings or configuration. Automatically lock mouse cursor

---

when you are in a full-screen game or application. Apply to desktop icons that represent games or applications. Keeps the mouse cursor on the primary monitor as long as there's a game or a full-screen app running. No user interface, so you can add it to the startup menu without hassle. There are no hidden settings or start menu entries, and the application can be deployed and uninstalled with ease. It is a reliable solution that works automatically and ensures you never have to worry about your

---

mouse cursor straying to the secondary displays. Helpful guide:

Changelog: Version 1.7

(2017-02-27) - Changed the

default mouse cursor to be a

pointer icon (instead of a hand). -

Added an option to disable the mouse cursor (unless set to a hand).

- The icon is now only shown when it's running. Version 1.6

(2016-11-08) - Added the option to apply to every icon on the desktop.

Version 1.5 (2016-09-21) - Fixed a typo. - Added Windows 8

compatibility. - Fixed the icon in a

---

slightly better place. Version 1.4 (2016-02-02) - Changed the GUI to be a bit more Windows 8-like. - Added the option to disable the notification window. Version 1.3 (2015-11-12) - Fixed the mouse cursor being shown to the desktop even when the application wasn't running. Version 1.2 (2015-07-18) - Made the icon always show whether the application is running or not. - Various bug fixes. Version 1.1 (2015-03-31) - Fixed the mouse cursor being shown when the program wasn't active. Version

---

1.0 (2015-03-04) - Initial release.

---

information. Click on it and mouse cursor will be locked on the Main screen. AutoMouseLock Textual Description: Download and install AutoMouseLock application. After that, you'll see message that says "Select "Full Screen Applications" before starting games". Click on it and mouse cursor will be locked on the Main screen. AutoMouseLock Operating System Compatibility: Windows XP, Windows Vista, Windows 7, Windows 8, Windows 8.1 AutoMouseLock Free Download AutoMouseLock

---

Review: AutoMouseLock is a very small application that runs in the background and ensures your mouse cursor stays on the main monitor while a full-screen application is active. It is very easy to deploy and does the job with no unnecessary fuss. Just run the app and start gaming without any worries. The program consists of a single small executable file. Once launched, it will run in the background and keep the mouse cursor on the primary display whenever you are in a game, or a

---

full-screen application is open.

AutoMouseLock has no user interface, and there are no settings to configure. If you want to close it, you need to use the Windows Task Manager to shut the process down manually. Unobtrusive background program that can help users 09e8f5149f

If you regularly spend time playing video games and/or using a lot of applications while working on your primary display, chances are good that your cursor will sometimes automatically start to drift to your secondary displays. Want to keep your mouse on the main screen at all times? You can use AutoMouseLock to solve this issue. It keeps your mouse on the screen you designate as your primary screen even if a full-screen

---

application is active on your secondary displays. This small utility only requires a single executable file. You don't even have to deal with any settings to start up the application. Features: - Ensure your mouse always stays on the main display - Doesn't interfere with your gameplay - Works with any multi-monitor setups - Runs quietly in the background and doesn't require any user interface - Runs under Windows XP and Windows 7 - Single executable file

VLC Mod Codecs is an impressive

---

**What's New In AutoMouseLock?**

---

While AutoMouseLock protects the mouse cursor from drifting to your secondary monitors, it does not prevent you from accidentally activating it by clicking on the wrong part of the screen. If this happens to you, you may want to use the MouseLock config file option to disable this feature permanently.
