**What's New in the Aldo 039;s Free Memory?**

This simple application helps you reclaim memory that the operating system has already allocated to programs that aren't running anymore. The program displays a meter in the taskbar that tells you how much memory is being used by processes that are no longer active on your PC. There's a small utility in the tray area that can be used to free

Tiny Trope (browser-based)

Description: Have you ever  
liked a particular page in your  
web browser, only to realize a  
few weeks later that you  
haven't been there since the  
last time you logged in? And  
that you're not the only one: a  
lot of others have probably  
done the same thing. That's  
exactly what Tiny Trope helps
