MDD-Fastening notepadPro is an easy to use notepad for fastener design. MDD-Fastening notepadPro allows you to quickly design fasteners with the most commonly used cutter sizes. Based on your fastening experience, you can define the maximum tolerances you need, and MDD-Fastening notepadPro will show you the exact dimensions for each fastener, so you can be sure that they will always fit your project, even the tightest tolerances. MDD-Fastening notepadPro is simply the most convenient way to make fastener designs. The program supports almost all major brands, such as ASSA ABLOY, MSC, TAECO, G-MAXX and more, and more than 100 brand specific cutters. With MDD-Fastening notepadPro, you can easily handle most dimensional tolerances for the real fastener product, such as 0.2mm, 0.25mm, 0.5mm, 1mm, 2mm, and 5mm. MDD-Fastening notepadPro will convert almost any CAD data to fastener data - even for older mechanical and aluminium fasteners. All your data, such as drawing information and fastener pattern information, will be saved in a database. Also, MDD-Fastening notepadPro can update the database directly to reflect most changes to the dimensioning codes. This means that any modifications that you do to your drawings are immediately reflected in the fastener data. It is also very easy to print labels containing fastener data. And more than that, MDD-Fastening notepadPro is very easy to use. Just press the "Import" button and all your drawing files will be automatically loaded. MDD-Fastening notepadPro will show you the exact fastener dimensions for each fastener, and you can also change them right there in the program. MDD-Fastening notepadPro is compatible with Open CASCADE, Autocad, SolidWorks, Inventor, and other CAD programs. What's new: Version 1.0.4 (2010-
