

easy download -v.3-full.cQ: Is it necessary to anchor a question with location info? I'm new to the Stack Exchange network and I just posted my first question here. Is it necessary to add the city/state in an answer? I haven't used SE.com to find out where it is posted. I saw a question that was posted in 1975 and looked like it was just hanging on in the air with no location info. I never added any because I haven't had any good reason yet to add it. A: Nope, it's not necessary. The only thing required is that the asker list their location in their profile, if they don't already have it listed. The Kennedys may still have momentum, but it sure takes a lot of that, America. The new HBO-BBC miniseries The Kennedys is based on the best-selling book by Elizabeth Koepfel, the daughter of former congressman and U.N. ambassador Thomas G. Koepfel, and the son of (from left) alderman Eugene T. "Gene" Koepfel and Martha Reeves, the first black secretary of the United States Department of Housing and Urban Development. Told with previously unseen material, including previously unseen family photos and previously unseen Kennedy family home movies, The Kennedys stars Adrian Lester as Robert Kennedy, the role in which he won an Emmy Award and Tony Award for his portrayal of the slain president. During the program, which airs Monday through Saturday, Oct. 20 through Nov. 2, Lester and the rest of the cast, which also includes John Pankow as former attorney general Robert F. Kennedy, Patricia Clarkson as Ethel Kennedy and Jim Gaffigan as Bobby Kennedy, recall the days of the Camelot era, when politics were colorful and the public's interest in government seemed sincere and close.  
var baseGet = require('./baseGet');  
/\*\*  
 \* A specialized version of 'baseGet' which returns 'string' rather than an 'array'.  
 \* @private  
 \* @param {string} path The path of the property to get.  
 \* @returns {string} Returns the resolved string.  
 \*/  
function stringGet(path) {  
 var stringValue = path.charAt(0);  
 path = path.slice(1);  
 return baseGet(path, function(a
