domain.br.Q: Converting the Date format to 12 hours format In SQL Server table, there is a column in the datatype is of
varchar(20) and one of the value is (4/8/2016 07:15:00 AM). I want to convert the date format to 12 hours format in SQL. I
tried the below script but not getting the result. SELECT
DATENAME(dw,mydatafield),CONVERT(varchar(8),mydatafield,109) FROM mytable I expect the datetime to be converted
to 12 hour format as i am specifying the format 109. Thanks in advance. A: Use CONVERT(date, myfield, 108) to convert it to
date. Add 12/24hrs to the value. SELECT CONVERT(date, CAST('4/8/2016 07:15:00 AM' AS datetime), 108) + (12/24hrs)
Output: 2016-04-08 07:15:00.000 DEMO An all-round good day. After a lot of work earlier in the week I had a lovely relaxing
Saturday. I was up early for a bit of housework, though that got interrupted by a very noisy cuckoo. I eventually got back on
track and made breakfast before leaving for the day. I went for a short walk along the river and then on into town to do a bit of
shopping at the weekend market before heading back home. I had a nice relaxing afternoon before watching a little bit of TV
