As you get older, you get to know what goes on in your head. In other words, you know what you want out of life. You know you have your priorities and what that. LaMont Hicks is an alumnus of Howard University, where he received a B. The opinions expressed on this site are his own. He is a writer and artist, and is trying to reach the masses about the mass media and its role in the black community. Illumination Music Group. Obviously, you have to take certain maturing things into consideration, but, in many ways, you can have your cake and eat it, too. Well, it is not easy to achieve your goals in life. You become more mature and responsible as time goes by. The best thing about being older is that you have more years to live. But you also have a more developed wisdom. That is why it is important to know how to behave. When you are in love, nothing is more important than talking to your partner. You need to share your opinions with your partner, to ask questions and to answer questions, too. As you get to know each other better, you have a better understanding of the person you are about to become engaged to. This is the most important maturing step you have

to take. When you start seeing the person you want to marry in that light, you are on the verge of the best moment of your life. In many ways, the most successful men are the ones who have the most pleasing women. Your love life matures as you get older. In other words, you become much more refined and sophisticated as you mature. So, you have to expect that if your love life is going to evolve in the next year or two, you are going to evolve in the next 10 years or two. In other words, you just have to go with the flow. You have to be really careful with the girls you are dating and you will be far more successful. Dating maturity Most men see maturity as the time when you become successful and when you have to get paid. Be careful, though. You just need to learn
