o-2-0-9.rar After a flurry of post-CES announcements, if you're looking for something to play now, then the first Android tablet from Panasonic might be what you're looking for -- as long as it's the \$199.99

Toughpad L. In addition to sporting a rugged case like all the other tablets at CES, it's also got a stylus and a 5.7-inch touch screen running Android

2.1. Panasonic is going to launch the tablet in the US, but you can expect more countries around the world to get their hands on the device in the not-

too-distant future. [In other tablet news, Sony has announced details of its 42-inch long-for-42-inch Android tablet, and we have our first look at the build quality of the first Android tablet with a stylus from

Samsung.]Q: How to archive unselected textarea in extjs4 I am using xtype=textarea to populate values in a textarea.

But i need to archive the already filled values and only show empty textarea on load.

How can i archive these? A:

There are no standard validations in ExtJS out of the

---

box, you can write your own  
however. Here is a simple  
example that you can expand  
on, extend whatever validation  
you need by adding your own  
validators:

```
Ext.onReady(function () { //  
creating a text field and adding  
validation for its value var field  
=  
Ext.create('Ext.form.TextField',  
{ fieldLabel: 'Some Text', name:  
'text 1cdb36666d
