Diamond Heart Pendant 3D Screensaver is a unique desktop enhancement featuring amazing heart animations. After a short delay, the screensaver displays a heart-shaped icon on your desktop. At the click of a mouse, the heart will begin to enlarge. When the heart is completely filled with the colors of the rainbow, it will burst into a genuine and wondrous animation of colors and light. Once the screen is locked, the heart will appear again and again forever, long after it's gone. Diamond Heart Pendant 3D Screensaver Features: + The heart can be enlarged by clicking on it. + The heart can be moved by clicking on it. + The heart can be rotated by clicking on it. + The colors of the rainbow can be changed. + The screensaver can be set to display the heart on your desktop with a delay. + The screensaver can also display the heart randomly. + The program also has two modes of operation: colorful rainbow mode and heart shape mode. + Several options are available for customization. + The frames of the animations can be redrawn with every lock of the screen. + The heart automatically starts and stops. + The heart can be customized by using the images of your choice. + The screensaver can be synchronized with your music. + A simple export function is available. + The heart can continue to appear after the screensaver has been locked. + Two sound effects can be chosen to go along with the visual effects. + The backgrounds of the heart animation can be changed, as can the color of the glow. + Hint: Double-click on the heart to modify the settings in three sub-modes, or hold the Alt-key to open the dialog box shown in Fig. 4. + Hint: To have the program continue to run after the screensaver has been locked, check the option "continue heart after screensaver has been unlocked." + Hint: To avoid having to resize the heart, check the option "do not resize heart when displayed." + Hint: When the screensaver has been configured in full-screen mode, double-click on the heart to change the size of it. + Hint: To turn the screensaver's presence into a notification, check the option "notify me about the presence of the heart." Coordinations to such a degree that would have difficulty performing the function of a human body! The game combines action, strategy, physics, logic and a lot of other things into one fast and entertaining game. This time everyone will feel the Christmas spirit in a brand-new holiday mode - Surfers. For both the Winter season and the holiday holidays. “Crack Surfers” Christmas version represents a lot of chances to make a wreath by collecting Christmas trees and lighting them with coins that rain from Santa’s sack. Coins are the most important element of the game - collect them to build your own wreath, and the more berries, the more chances Santa’s sack will produce more coins. In the game, you’ll perform a 3D skydive - simulating the experience in the real life. The game features new forces in physics - air resistance, wind, contact angle, etc. This combination of sophisticated mechanics and physics results in an unparalleled rush of adrenaline and dizziness. This game pays attention to all the options available to you, including new AI and user interface.
