doing business with the federal government. One of these structures is a federally recognized Indian tribe. Such a tribe is known as a pueblo, which is a town located in the highlands of New Mexico. As of July 27, 2012, there are 566 recognized Native American tribes in the United States. They comprise about 1.9 percent of the United States population. The first Native

American tribe was recognized in 1867. In the 1850s and 1860s, the United States government began signing treaties and then enacting legislation to assimilate Native Americans into the dominant white culture. The national policy for Native Americans during this time was called Indian removal. During this era, Native Americans' land was taken away

and they were relocated by the United States government. This was done through the Dawes Act of 1887 and through the forced removal by U.S. Army in 1858. The government attempted to integrate Native Americans into the dominant culture. Many Native American tribes believed that they were doing this but were not. Despite the

government's efforts to assimilate Native Americans, the country has not progressed. The United States' relationship with Native Americans is still strained and there are current issues of displacement and poverty. However, the federal government is still

This animated

background picture is taken from the

"Android and "U"
iPad". Have fun and
try it and than go and
get other animated
backgrounds. Enjoy.

8:53:11 PM I like to
use this software
even when I'm not
animating. It's easier
than Photoshop for
me to put together
some images into a
montage and have
something that I can
share or just to print
out and have to go to
an art store. Overall

This is a good but it never works, when you try to load a picture to use as a background it just will not work. Be sure to try it first. User 8/4/2015 7:31:14 AM I had an issue with the activation of the program. I purchased an extended version of it and had not activated it. Everytime it tried to activate it said it was already active. I tried to fix it and nothing would work. It was

pretty frustrating. It was a pain to deal with. Overall 8/4/2015 1:32:21 AM I really like this software. It is very simple to use and does exactly what I want it to do.
