For example, a little "search" research would tell you that Kindle is one of them. Amazon.com lists a number of different "online-reading applications". Finally there are the "e-book" retailers like "knoquak" which sometimes

include "online-reading" applications. Sure, you can take the ebook with you and install it on your phone (or tablet), but then you have to manage it yourself. There are dozens of different e-book formats, like mobi, rtf, eps, etc. A single PDF can be sent to a kindle device, but there might be a different format for a kindle device - I don't know about that. The ebook on the other hand is what you get from a supplier, in an already formatted pdf/epub/zip/whatever. You have an "update" process to follow if it's a book series, and there's support if a book is out of print or e.g. part of a trilogy. I have a nice ebook of the Wheel of Time. The ebook can be read on a tablet, cellphone, and on your PC - no need for the software if you have the ebook on your hard drive. And

---

there is no "update" process. For personal use, the ebook is simply the ebook, no difference. Both are 1cdb36666d
